

Graduation Transitions - Goal Setting

In order to prepare for life after high school students are expected to engage in some very serious goal setting. Students should consider what they would like to achieve and begin putting plans in place to achieve their goals. Complete the following goal setting questions to complete this Grad Transition component.

1. After Grade 12, I plan to:

- Go directly to a post-secondary institution
- Go directly into the workforce
- Work part-time
- Work full-time
- Travel and then continue my education

2. Write your career goal(s) below. (e.g. My career goal is to become an airline pilot.)

3. Why is this career goal a good choice for you (e.g. I value travel and adventure as well as having a detail oriented mind and I can manage challenging situations).

4. To achieve this career goal I plan to go to:

- | | |
|-------------------------------------|---|
| <input type="checkbox"/> College | <input type="checkbox"/> Training Institute |
| <input type="checkbox"/> University | <input type="checkbox"/> Program/Course |

5. State three things you still need to do to accomplish your career goal and make sure your plan for next year happens:
